	one size
Weight in g	98g
VPE (pcs. per inner packaging / pcs. per outer packaging)	12/144

Available colours

- black
- dark-grey melange
- navy
- red

Features

Thinsulate

Air molecules cling to the body. The more air a material stores in a certain space, the higher the insulation level will be. Microfibres are much finer than other fibres. Therefore, they enclose more air within a smaller space thus offering a better insulation. The advantage: breathable, moisture-repellent and suited both for washing in the washing machine and for dry cleaning.
